More information:

Welcome to IDC International Dental Clinic, Phuket.

We are the world-class standard dental clinic where you can meet with professional dentists and ready-to-serve personnel. IDC Clinic is located in the heart of commercial area in Phuket, Boat Avenue which is situated in Cherngtalay city where you can enjoy many lively shopping centers and cozy nice restaurants. The location is approximately 20 minutes away from Phuket International airport

The lounge waiting area is airy and spacious in order that the customers can feel relaxed while seating at the clinic. Also, the treatment room has a lot of windows and ventilators that provide more comfort to our customers. Moreover, we always clean all equipment and appliances to make sure that the most hygienic services can be offered.

IDC provides various types of treatment, both general practices such as cleaning, filling and specialized services including dentures, dental implant, orthodontics, dental surgery, and more upon consultation.

The clinic staff are friendly and proficient to provide the quality service. The health evaluation is taken regularly to make sure they can be ready to help. They can also communicate in English, so all international customers can be free of worry to come for a treatment.

The clinic has a follow-up policy which will trace the customers' satisfaction and their dental health after the service. We are here to serve you the best quality of dental treatment at IDC International Dental clinic.

For more information or appointment reservation, please feel free to visit our website at www.idcdentalphuket.com or our Facebook page IDC clinic or call 0954215115. Think of dental care, think of IDC, because your smile is important to us.
